BRAND FOCUS · 2026 CATALOG

Chocho is the center of the portfolio.

INTI SOMOS is positioned around chocho, an ancestral Andean plant-based ingredient with high protein, zero cholesterol, and nutritional value already highlighted in this catalog. The portfolio uses chocho across snack, gourmet, and breakfast formats.

CHOCHO

WHY THIS MATTERS FOR BUYERS

PLANT-BASED PROTEIN

Chocho gives the catalog a clear nutritional anchor instead of presenting unrelated products.

MULTIPLE FORMATS

Freeze-dried chochos, puffs, chocolate covered chochos, chili jars, and pancake mix create a scalable product family.

RETAIL + FOOD SERVICE

The portfolio includes ready-to-eat, breakfast, snack, and gourmet formats already described in the original catalog.

ANDEAN DIFFERENTIATION

Quinoa, cacao, and fruits remain as complementary Andean products, while chocho leads the commercial story.
